

Five Of Royal Oak Crew Injured As Valencia Bombed

LONDON, Feb. 24.—The Admiralty announced today that five officers and men of the battleship Royal Oak had been injured when a shell burst on the quarterdeck during the Spanish insurgent air bombardment of Valencia yesterday.

The shell apparently came from a Spanish government aircraft which was firing on the attacking planes. The planes dropped incendiary bombs on the port section of Valencia, which did not result in Spanish aviation as "night."

Captain T. B. Drew, three other officers and one seaman aboard the Royal Oak were slightly injured by shell splinters. None, it was announced, was a "casualty."

Later the battleship put out to sea. It was the second time in the last two weeks. On Feb. 13, it was announced, the British destroyer Havoc and Grey had fired on a plane, believed to have been an insurgent craft, which tried to bomb them near Cape Jerez, off the Algerian coast.

Authorized sources said the government contemplated no protest against the incident.

Speaking was "more or less an act of war," it was said.

They explained the Royal Oak was lying just outside Valencia harbor at the time of the bombardment, and that there was obviously no Spanish intention to damage it.

Government Attackers At Oviedo Routed

SALAMANCA, Spain, Feb. 24.—Government attackers of the separatist Basque garrison at Oviedo have been routed in the "most crushing" defeat of civil war, leaving 2,500 dead on the separatist battlefield, General Francisco Franco's command claimed today.

More than 10,000 militiamen have been wounded in the attacks and counter-attacks, the insurgent commanders declared, while many government soldiers were drowned attempting to cross the Nalon river, near Oviedo, a few miles west of Oviedo.

Government reports from the Franco-Spanish border depicted this claim. They said the separatists were slowly closing in on Oviedo and that they were being driven around the Vega area factory.

C. OF C. RAPS SECTIONS OF MORATORIUM

Penalties on Business Men Greater Than Other Plan, Claim

Strenuous objection to certain provisions of the moratorium legislation sponsored by the provincial government was expressed Wednesday morning by a special committee of the C. of C. Raps.

Several members expressed the opinion that the new law would impose penalties on business men more than was contemplated in the original debt regulations in the C. of C. Raps.

"We feel that the moratorium is a piece of legislation," one member of the committee said, "which is not to be reviewed with careful preparation. We are not going to support this bill unless it is amended to meet the needs of the business community. It is too early as yet to say what our action will be, but the whole affair is under advisement."

The committee, composed of the leading members of the association, made several submissions to the Chamber of Commerce at the meeting in the Hudson at noon Wednesday. The committee's action to be pursued by the organization was explained in the information given that a delegation would seek an interview with the government's representative in relation to the moratorium.

CONCERN EXPRESSED

Although friends and sympathizers of the family of Mr. and Mrs. Walter Hart have rallied to their aid since the total destruction of their home by fire on Sunday evening while the family were at church, there is still great need of assistance, and Rev. J. W. Smith, pastor of the Highlands United Church, of which the Hart family are members, is making further appeals on their behalf.

MADE HOMELESS

For some time, the family of Mr. and Mrs. Walter Hart have been homeless. The family, which has been made homeless by the destruction of their home by fire on Sunday evening while the family were at church, there is still great need of assistance, and Rev. J. W. Smith, pastor of the Highlands United Church, of which the Hart family are members, is making further appeals on their behalf.

Patrick Burns, Pioneer Solon, Dies, Aged 81

Alberta Ranchman and Former Cattle King, Succumbs At Calgary

CALGARY, Feb. 24.—Last of the West's great cattle kings, Senator Patrick Burns, a penniless youth who became a multi-millionaire, Senator Patrick Burns died at his home here early today. He was 81 years old.

For more than two years, his health, however, was poor. He contracted a cold 10 days ago but it was not until late night his condition was considered serious.

The pioneer of the plains, who came to the west in 1878, laid out the city of Calgary, and a little more than an hour was dead.

Surviving relatives were at his bedside including John Burns, his nephew and now head of the great packing firm Senator Burns built up from a humble start here 40 years ago.

At BEDSIDE

Others at the bedside were Mrs. Burns, of Calgary, a niece, Mrs. John Burns, daughter-in-law, and Mrs. Burns, a granddaughter. Last rites of the Roman Catholic Church were performed.

RELIEF DEBT OF B.C. NOW \$30,500,000

Program Financed Since 1930 By Loans From Ottawa

VICTORIA, Feb. 24.—British Columbia's debt, in treasury bills, to the Dominion government now amounts to \$30,500,000, the result of the \$10,000,000 loan for direct relief cash advanced in Ottawa last week.

On October 1 last the Dominion lent B.C. treasury bills to the extent of \$28,500,000 and the province had applications in for a further \$2,000,000 to cover its relief expenditures from the beginning of April up to the end of September.

A short time ago the Dominion advanced \$1,000,000 to the province. Yesterday's loan is another \$1,000,000.

At present, the total treasury bill debt to Ottawa over the \$30,500,000 mark.

1,000 RAILWAY MEN HERE TO PONDER STRIKE

Meeting Called for Sunday At Memorial Hall—Nation Voting

Approximately 1,000 Edmonton members of the 18 railway organizations will hold a mass meeting in Memorial Hall at 2:30 p.m. Sunday to discuss the possibility of a general strike.

In this regard, local officials point out that if the vote is successful the men would necessarily strike the railway lines, which would paralyze the province's economy.

Results of the Canadian Railway strike vote will be made public on March 1.

Approximately 17,000 railway men members are in the process of voting on the strike.

In general, the vote is expected to be in favor of the strike.

The ballot, sent to each member, will be returned by mail.

DUKE OF KENT GREETS BROTHER DUKE WINDSOR

VIENNA, Feb. 24.—The Duke of Windsor and his brother, the Duke of Kent, met today for the first time since the duke's abdication.

The young brother rushed up to greet his brother, who was in the company of a hotel and grasped his hands affectionately. For a moment he held them in a strong grip, prior to the first day of January, 1936, or at any time thereafter.

The order then sets forth exemptions as granted in the Debt Reduction and Settlements Act, which has been declared ultra vires, with some additional provisions.

Declaration of the moratorium is under provisions of the Debt Adjustment Act.

HOUSE OPENING TO GO ON AIR

For the first time in history, the opening of the Alberta legislature, opened at 9 a.m. on Thursday, will be broadcast.

Arrangements were completed on Wednesday whereby speaking proceedings will be transmitted by radio.

The speech from the Throne will be delivered by the Chief Justice, Mr. Justice Macleod, and a salute of 21 guns will be fired by the guns of the War Department.

There will be a guard of honor, drawn from the C. of C. T. P. members of the University of Alberta, and the Edmonton Regiment, and a salute of 21 guns will be fired by the guns of the War Department.

Editorial Why The "Debt Mess"?

FOR six years, in season and out of season, The Edmonton Bulletin has hammered away at the gross injustice of levying from the primary producers of the three prairie provinces upon private debts of 8, 9, 10 and even 12 per cent. Public debts are in as bad a position, 1 1/2, 5 and 7 per cent.

Production in the best crop seasons was never in a position to pay usury at such exorbitant rates with the result that millions of dollars annually were borrowed to pay the accumulated toll of usury. The result is today Alberta owes \$15 million dollars in private and public debts. Saskatchewan and Manitoba are in a similar jam.

The Rt. Hon. R. B. Bennett, the leading apostle of "Sound Money" during his five years as Prime Minister increased the interest-bearing debt of the Dominion \$59 million dollars.

Every civilized country in the world changed debt contracts in one form or another, and Great Britain, United States, Australia and New Zealand adopted a cheap money policy that has made it possible to put billions of dollars directly into the hands of the people with the result millions of farms and homes were saved to the rightful owners.

Great Britain provided abundance of cheap money (3 per cent) for building new and modern homes and made a marvelous recovery—more than 800,000 new homes constructed since the war.

President Roosevelt provided billions of dollars at interest rates of 3 to a maximum of 5 per cent and saved more than 1,300,000 homes and farms to the rightful owners, 20 billions of new money to raise the living standards of workers and provide new and modern homes by the hundreds of thousands annually.

Canada, cursed by a greedy, unscrupulous "Special Privileged" few in monopoly control of the nation's currency and credit, maintained a ruinous usury policy with the result the three prairie provinces are hopelessly bankrupt and nothing short of drastic cutting of principal and interest rates will provide relief.

Abundance of cheap money at 3 to a maximum rate of 5 per cent for all constructive purposes will put Canada immediately on the "high road to lasting prosperity. Nothing less will do it!"

We hear talk from our bankers about cheap money being dangerous and adding to speculation. Well, why not charge the gamblers in wheel stock manipulators, etc., 8, 9, 10 and even 12 per cent and give the farmers, producers and merchants 2 and 2 1/2 per cent money as now given the "Special Privileged" classes for a change and see what happens.

burns was administered by Rev. Father J. S. Smith. The family physician, Dr. E. P. Scarlett, announced the Senator's death to the press.

The Senator's wife died some years ago and his only son, Michael, has been dead only a few months. Funeral arrangements will be announced later today by John Burns.

During the celebration of his 75th birthday, in 1931, which western Canada made a gala affair in Calgary, Senator Burns was appointed to the senate. For two years, however, he had been unable to attend his parliamentary duties, owing to ill health. Many years earlier he had refused the offer of a senatorship and later to run for parliament.

KNOWS AS "FADDY"

Known to the parliament as "Faddy," his philanthropic works were many, adding to the lives of the poorer days, men and women he had met as a poor youth, charitable institutions, clubs and societies. He was honored from time to time by the Pope conferred upon the Commissioner of the Order of St. Gregory the Great.

Born at Oshawa, Ont., of Irish parents, he came to Alberta in 1884, homesteaded when 22 years old, and later in 1890, he was elected to the legislature by defeating his opponent by a landslide. He was elected to the legislature in 1900, and in 1904, he was elected to the senate.

He followed the railway through Saskatchewan and Alberta and into British Columbia as a returned convict.

Later he established a coal camp and a coal mine. He acquired interests in the coal fields of Alberta and in the coal fields of British Columbia.

At a price of \$100,000, in 1928, he was elected to the senate. He was elected to the senate in 1928, and in 1932, he was elected to the senate.

OTTAWA, Feb. 24.—Last of the national defense estimates were approved in common last night after six days of debate, opposition from Liberal, C.C.F. and Social Credit members and silent support from the Conservatives.

Members of the C.C.F. group reportedly suggested the sending of an expeditionary force abroad might be in the mindy phase which prepared the estimates.

NOT CONSIDERED

From the member for Vancouver—South Angus MacInnes had come the declaration Canada should have united with other nations in putting force behind the League of Nations sanctions against Italy.

But when "we ask for a model bill," he said, "we are met by a double-barreled pistol of spending hundreds of millions of dollars to build up the suggestion of a 'national system' of armaments."

\$4000 For Sailors Injuries In Gale May Be Reversed

MONTREAL, Feb. 24.—Admiral Lord Bessborough has reversed his verdict in a higher court, Chief Justice R. G. Gendreau yesterday upheld a jury award of \$4,000 for injuries suffered in a storm off the coast of Newfoundland.

His judgment against Canada Steamship Lines, the ship's owners, was founded in the "possibility of a serious accident" which the court found to be the cause of the disaster.

The court found that the ship was not seaworthy and that the captain was negligent.

GREAT BEAR KEENLY WAITS DOG CLASSIC

Japanese Boy, 15, and Indian Woman Entered in Cruelling Test

CAMPTON BAY, Great Bear Lake, N.W.T., Feb. 24.—Indian trappers, prospectors, mine managers and police who are along the coast line of Great Bear Lake prepared today for the inaugural running of the Arctic dog derby. A dale will be fixed within a few days.

At least eight teams will compete in the new and farthest north mushing classic over a 14-mile course on the ice of Great Bear. The start will be at the Elbow mine and a residence rule bars dogs of domesticated more than 30 miles south of the Arctic circle.

HARD TRAILS. Because of hard trails, glare and hunched ice experts call the course one of the most grueling tests of dog racing.

Among contestants will be a 15-year-old Japanese boy named Morimoto, only known member of his race living in the Northwest Territories. Morimoto is an experienced musher and has won several races on swings around the coast. He runs seven huskies.

Another starter will be Madam Nere Ribert, Indian wife of an Arctic miner, born and bred on the coast of Great Bear. She holds a reputation as an outstanding musher and musher.

Like the others she must lead her sled with a load weighing at least 225 pounds.

LIBERALS WILL HEAR PATTERSON

A public meeting under the auspices of the Liberal Study Group will be held in the Liberal Club rooms, McLeod block at 8 p.m. Thursday, February 25.

Alderman Patterson will speak on the subject of alternatives to the present government.

The question of Edmonton's debt problem is a large one looking back over 20 years of change and change. A growth system of heavy taxation, an insurance system that makes the taxpayer anxious as to what may happen in the future, and special legislation is extended to all or all alternates to attend and participate in the question and comment period. The public is always welcome to take part.

Westlock School Finances Shown In Good Shape

WESTLOCK, Feb. 24.—At the annual meeting of Westlock Consolidated School District, Secretary W. Armstrong showed the finances to be healthy, as evidenced by a bank balance of \$1,000.00 and an excess of assets over liabilities of approximately \$300.00. Inspectors' reports on all six routes were decidedly satisfactory.

J. R. Hunter, trustee in place of M. G. H. Gardiner, who has been on the board for the past decade, and who did not seek re-election, J. Hunter was re-elected as trustee-at-large.

At the first meeting of the board, which followed the ratification meeting, A. Brown was elected chairman.

Phone Company To Extend Lines

BASHAW, Feb. 24.—With the frigid of the Water Glen Mutual Telephone Company in excellent condition and prospects of its new members joining, plans were made at the annual meeting Saturday to extend the lines regularly and extend the line several routes.

Officers elected were: H. Brown, president; M. Haggard, vice president; C. A. Johnson, secretary; and directors, H. Johnson, P. Elton, G. Riske and P. Spellen.

FUNERAL SERVICE

BAWLE, Feb. 24.—Many friends gathered Sunday to pay last respects to Adolph Salzer who died in a Cambridge hospital Tuesday morning, who was well known as a musician and a respected citizen of the Bawle community. Leave his wife and family on a farm in the Winnipeg district.

HOT ATTACK ON MEIGHEN BY HEPBURN

Senator's Companies To Come Under Probe Says Premier

TORONTO, Feb. 24.—Premier Hepburn told the Ontario legislature yesterday he would "lay down legislation to enable the government to investigate companies with which Senator Arthur Meighen, Conservative leader in the senate was associated in 1934 or before."

"In my humble opinion the nefarious Alibi deal was originated for the purpose of recuperating Meighen's losses," declared the premier. He said the government would mount an investigation.

"COLD SCHEME" "It was a cold, calculated scheme to defraud the people of Ontario for Meighen's benefit," Mr. Hepburn told the house. "He violated his oath of office. He took advantage of inside information as hydro commissioner to speculate personally and through the efforts of E. F. Egan, a company with which he was associated, and which was made to pay the price."

The Alibi Canyon power development was taken over by the Ontario government shortly before the provincial general election in 1934, through the purchase of \$20,000,000 of outstanding bonds of the company. The bonds were then chased at 80 and other bonds issued at 100 interest rates.

ACTION REVERSED. Premier Hepburn charged the Conservative government of George S. Henry, in power when the development was taken over, refused to take action against Mr. Meighen when a member of the Ontario Hydro Electric Commission, despite the fact "evidence" was placed before it.

The Conservative government "took Meighen under its wing" because he was having trouble politically and because "people were being deceived," the premier declared.

He read from a file concerning charges made against Senator Meighen and companies with which he was associated by a British Columbia law firm in behalf of investors. These had been placed with the attorney-general, W. H. Price.

BUCK PASSED "Price passed the buck to Drew, appointed securities commissioner three days before, and he wrote back and showed those making the complaint," said the Premier, facing the opposition benches.

"He wouldn't dare touch Meighen but we're going to touch him," he said.

"Who have you waited two years?" asked Col. Price, Conservative member for Toronto Parkdale. "You have had two years."

"Senators taken under credit two years to uncover the work of Tory parties," replied the premier. "We've got to enact legislation to stop this sort of business altogether. Meighen saw his chance and speculated in the bonds."

A personal notice in New York newspapers that she had left his home and he would not be responsible for her debts was interpreted by the parties of the way. ADJOURN TWO PROBES INTO MINE DEATHS

Chief Witnesses in Two Accidents Injured in Mine Explosion

Inquests into two deaths, reported to have resulted from accidents which occurred some 24 hours apart in the Penn mine last Friday and Saturday, were adjourned until March 5, when juries met before Chief Coroner E. A. Brathwaite, in Foster and McGraw's funeral chapel, Tuesday afternoon.

Jury in this probe are Harold Surgen, D. Wadde and C. Ripley, miners and Phil W. Jean, Arthur Usher and John Crawford.

Investigation into the mine explosion is proceeding, the inspectors having already decided that the gas had been ignited due to a short circuit in electric wiring. It has not yet been ascertained whether the short circuit was in a coal-mining machine or in the cable, and the cables may have to be tested.

Conservative M.P. Collapses, Dies LONDON, Feb. 24.—Sir Henry Jackson, 61, Conservative member of Parliament, died at his home last night. The death will necessitate a by-election in Central Warrington constituency.

Created a baronet in 1935, Sir Henry Jackson survives but they have no children.

Parliamentary vacancies number six. Election for the Oxford University seat is in progress. Other vacancies are in Richmond, Farnham, Tisbury and the combined English Universities.

JOBLESS RIOT IN CALGARY POLICE CELLS

Ten Officers Nurse Cuts and Bruises—14 Relief Cases in Cells

CALGARY, Feb. 24.—A riot in the charge office of the city police station ended late yesterday with 14 unemployed men behind the bars and 10 policemen as well as the unemployed, turning snags and bruises received in the five-minute wolfie.

The unemployed, who claim they recently had been set off when taken into custody after they had asked for food at the city soup kitchen.

No trouble developed as they were taken to the station, but once there two or three of them made a break and ran for the city hall, but a block away.

One of them, identified by police as Robert Savage, got as far as the outer part of Mayor Davidson's office. Two constables dragged him back to the station. As he appeared there the riot started. Four of the unemployed required a doctor's attention in the cells.

They were held without food and this afternoon will appear to face charges of vagrancy and causing a disturbance.

The unemployed Langley flying machine, built before the flight of the Wright brothers, was taken from its niche at the Smithsonian Institution years later, and, with a few alterations, made to fly.

The young Canadian, who was buried with full military honors in the military cemetery at Gravesend, their offices were placed outside that of Police Officer J. E. Owen, who died when the Frohisher visited here February 1936.

Immediately after their burial the Frohisher left Barbados for Toronto.

Richmond Craig Gets Ottawa Call

Former Craig of Victoria, B.C., and former of Great Church, Winnipeg, will be extended a call to St. James United Church here, it was learned today. He will be accompanied by Norman Dawson, who is now in charge of the Victoria, B.C., branch of the Victoria United Church, Hamilton.

TWO VISITING BRITISH NAVAL CADETS EXPIRE

BRIDGEPORT, Barbados, Feb. 24.—Two young British naval cadets died suddenly in hospital yesterday while His Majesty's training ship Frohisher was visiting here.

Cadets John Earle, 17, of Hove, Sussex, England, and Phillip Swaine, 18, of Bridgewater, Somerset, England, were admitted to hospital Monday night with a strange malady. Earle died shortly after his admission and Swaine early yesterday morning. Their ailments has not yet been diagnosed.

The young cadets had been buried with full military honors in the military cemetery at Gravesend. Their offices were placed outside that of Police Officer J. E. Owen, who died when the Frohisher visited here February 1936.

Immediately after their burial the Frohisher left Barbados for Toronto.

HEDLEY GOLD SUSPENDED ON COAST CHANGE

Odd Gyrations of Amalgamated Gold Draw Official Attention

VANCOUVER, Feb. 24.—Trading in Hedley Amalgamated Gold Mines Ltd., was suspended on the Vancouver Stock Exchange today pending an investigation of recent gyrations of the stock.

Dr. J. F. Walker, provincial mineralogist at Victoria, said the investigation would be conducted by the British Columbia department of mines in conjunction with the stock exchange and the company as a formal inquiry under the Securities Act.

The stock, which sold up to \$13 a share last week, opened at \$13 cents today, then dropped to 25 cents under an avalanche of selling orders that totaled 270,000 shares before suspended from trading.

As far as we know there is nothing wrong," Dr. Walker said. "We are making a check-up now on the most possible cause of the Thursday on what occurred and why."

Club Coupe Is Newest Ford V-8 Body Type

SWEST of the eleven Ford V-8 body types for 1937 is the de luxe club coupe, pictured here. Powered with the famous V-8 engine, the new model is expected to have wide acceptance among motor car owners. It is of the "close coupled" type, with enclosed rear seat.

The body has the compactness of the coupe, while retaining the sleek lines of the sedan type cars. The interior is surprisingly roomy. The rear seat is full-width. There is a large compartment under the rear deck, in which touring luggage may be stored.

PERFORMANCE... at LOWEST COST.

1937 Ford V-8 De Luxe 3-Ton 187 wheelbase Truck with Blank body

Ford V-8 trucks and commercial models for 1937 are designed to give maximum performance for your individual jobs with the lowest first and maintenance costs. Truck engine horsepower and torque are increased to deliver more rugged power for the big load and the long haul.

The 2-Ton truck powered with a 95-horsepower V-8 engine serves the needs of heavy-duty operators. The 1 1/2-Ton truck has the improved 85-horsepower V-8 engine. Ford commercial models are available with choice of 85-horsepower or the new 60-horsepower V-8 engines. Additional options are three wheelbases, choice of truck axle gear ratios and a range of body and tie equipment for individual load needs.

These options make many combinations available, enabling you to select the right equipment for your work at the lowest figure.

With many new features, Ford V-8 trucks combine such proved and approved features as full-floating rear axle with straddle-mounted pinion, special truck-type four-speed transmission and full torque-tube and radius-rod drive. There is a full line of de luxe trucks. See your Ford dealer about the Ford equipment your job requires. Ask for an "on-the-job" test with your own loads, under usual conditions.

WEDNESDAY, FEBRUARY 24

SHORT \$113,616

Edmonton last year spent \$110,400, against

revenue of \$1,572,360 and tax collections of

\$3,801,775, and wound up the year with an overall

deficit of \$1,136,616. Deducting sinking fund

charges, which were not paid, the deficit was

\$121,205.

A private firm which carried on by borrowing

one dollar of each five dollar spent would

have been in bankruptcy, and the deficit would

be the amount of assets it had to lose. The city

is only able to keep going by over-taxing its

residents while retaining the same rate of

process which obviously cannot be continued

indefinitely, nor much longer.

Does Edmonton need a reduction in bond-

interest rates?

SOMETHING MORE REQUIRED

It can be assumed the public will agree

heartily that the special tariff for Bennett

granted to the textile concerns should be

cancelled. The ex-Premier is himself probably

convinced on that point by this time. What

the public would like to know, beyond this, is

what action is to be taken against the directors

of those concerns, who are accused of having

received millions of profits in order to escape

paying income taxation. At this time of year

warnings are broadcast to all and sundry that if

any one should fail to report correctly the

amount of his income he will be subject to

ruinous fines and perhaps imprisonment.

Does this apply only to salaried men, and

small stockholders who cannot be held

responsible to keep track of their affairs

and make out the returns? Or does it extend

even to titled nobles, functioning as officials

of pay-off corporations?

WHAT CAN BE DONE

The courts having disavowed the debts

reduction and settlement of the Alberta

Security Interest Act, the only chance left to

the Provincial Government to strike a direct

and immediate hit against the directors

ratify the scheme by which it is proposed to

compel Edmonton taxpayers to go on paying

A, B, C, D, and E per cent bond interest rates

for years to come.

The power of the Government in that respect

is unchallenged, and apparently unquestionable.

Refusal to approve this scheme would vindicate

the Government's position and the directors

measures to have been based on recognition

of existing conditions, not upon formal

reference to party politics. The directors

taxpayers are no more able to pay these

hold-up rates of interest than are the tax-payers

of the province to pay the rates named in the

provincial bonds. To sanction the continuance

of high rates upon Edmonton would be con-

trary to the claim that the provincial bond

rates must be asked to be reduced and private

will be introduced and the "great experiment"

put under way.

There will be general concurrence, inside and

outside the ranks of the Social Crediters, that

it is time this was done. A year ago a half

has been spent in preliminary preparations and

adjustments. The program which the Govern-

ment is about to carry through is due to be

undertaken. There is still "poverty in the midst

of plenty," a great army of men who cannot find

employment, who employ themselves in pro-

ductive industry. These are conditions the Gov-

ernment said it could and would remedy. It is

time to say what the remedies are and show

that they can be done.

ON TO OTTAWA?

Mr. Justice Ives' decision, that the Provincial

Security Act is ultra vires, is based on the

verdict that the debts Reduction and Settlement

Act is bad law. Nonsense, that since the measure

undertakes to deal with interest it trespasses on

the legislative field of the Dominion parliament.

The effect is a denial of the power of the

provinces to reduce interest rates on provincial

bonds, as the former decision was a denial of its

power to reduce interest rates on private debts.

Taken together, the two decisions would be a

virtual annihilation of the power of the provin-

cial action on the interest question, whether

relating to private debts or public debts.

Practically, the decision in the bond interest

case does not seem to make any difference in the

immediate situation. The bond-holders now

have to wait, but they have not got the money.

Neither has the province, but the decision is a

circumstance which has a good deal to do with

the case.

Should the Government or court in council

stopped payment of full contract interest rates

last June, it can presumably continue to refuse,

at least until reference has been made to the

higher courts, but the decision is a

circumstance which has a good deal to do with

the case.

IN 1900, there was considerable discussion as to whether that year was the last of the 19th century, or the beginning of the 20th. However, since there was no intervening year "zero" between A.D. 1 and 1 B.C., it follows that the first century ended with the completion of the year A.D. 100, and the 19th century ended with the completion of the year 1900.
